LeLido

Rising on the historic site of the former Le Lido and Les Hirondelles villas, this exceptional new development combines contemporary architecture, refined elegance, and the timeless prestige of Monaco.

Le Lido features just 20 exclusive residences spread across 11 floors, offering an intimate and highly private living experience. Spacious interiors, sophisticated finishes, and meticulously crafted details create homes that embody modern comfort and understated sophistication.

Residents will enjoy a privileged location moments from Monaco's finest boutiques, Michelin-starred restaurants, the Casino de Monte-Carlo, and the vibrant lifestyle of the Principality. Three levels of secure parking and integrated commercial spaces further enhance convenience and everyday living.
